5. General responsibility for ELINT contracts listed in the Agency ELINT Program for Calendar Year 1962 should be transferred to the DD/R, Office of ELINT. Actual transfer of contract control in some cases may not be desirable because of applicability to objectives other than ELINT and because of early completion date of work underway. In these cases, details of contract handling will be determined by joint consideration of problems involved.

6. Transfers of materials and facilities will be determined at a later date after completion of inventories.
